INSTRUCTIONS:

Each base sheet has 2 [REDACTED] strips.
Each [REDACTED] strip is covered with a
top layer of paper which is cut down the
middle.

Step One: Remove a
[REDACTED] strip from
base sheet exposing the
sticky underside (do not
peel off the top layer of
paper at this stage).

Step Two: Position the
strip wherever needed,
on furniture, curtains etc.
Press firmly until the strip
has fully adhered.

Step Three: Carefully
peel off the top layer of
paper. The [REDACTED]
[REDACTED] strip will now
stay in position from
weeks to months.

To remove, simply peel off by hand or
gently apply a damp cloth. Replace as
needed.

[REDACTED] is non-toxic and won't leave
a residue.

[REDACTED] is not recommended for
wood finishes, painted surfaces, leather,
vinyl or wallpaper.
